Making Silver Jewelry from Precious Metal Clay With Hilary Taylor

Saturday, March 23 • 2:00 – 4:30 pm • In Person

See more at: www.MerlinsSilverStar.com

Jewelry designer Hilary Taylor will be your guide in this workshop on making silver jewelry using precious metal clay. As you craft your jewelry piece from this special clay embedded with microns of fine silver, you can let your creativity soar while experimenting with different textures and designs.

During the kiln-firing process that will finish your work offsite, the clay burns off to reveal your unique silver piece. Your jewelry will be available when the firing is complete. Making silver metal clay jewelry is wonderful fun, and your results are sure to please!

This workshop will be held in person in the Upper Fellowship Hall at the First Church of Christ, Congregational, 25 Great Road, Bedford, MA. The workshop is free for BACS members and \$20 for nonmembers. All materials will be provided, and every participant will pay a \$40 materials fee to the instructor on the day of the workshop with cash, a check, or through Venmo.

Limited to 15 participants. To register, go to rsvp@bacsma.org.

Please register no later than March 15.
